RE: Case No. 09-1758-E-CN

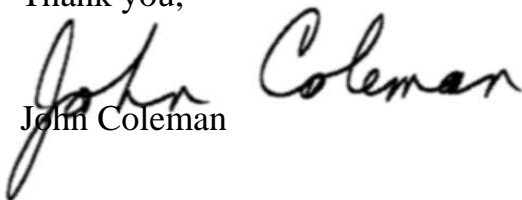

Via: U.S. Mail and Facsimile

Dear Ms. Squire,

Please find enclosed this original and 12 copies of this statement by complainants titled: "Additional photos supporting original complaint re: TrAILCO clearing", a copy of which has been provided to defendant's counsel. **Photos are provided on CD because of their large number. Copies are also posted at: <http://Powerlines.PotomacStewards.com/>**

These photos constitute additional evidence supporting the complainants contention that Allegheny Energy (TrAILCo) has ignored the conditions of the PSC order, the CAD stipulations, and the basic description of its project as it relates to clearing across streams, clearing across valleys, the use of selective clearing in West Virginia, and in general measures proposed, stipulated, and ordered to minimize disturbance in right-of-way clearing, in particular near waterways.

Thank you,

John Coleman

for complainants:
DONNA PRINTZ,
THOMAS and KATHY HILDEBRAND,
and JOHN COLEMAN
